IT'S SHARKING SEASON

The sharks trampled the dragon in the final fixture of this year's inter-house cricket competition. Savio batted first and put up an unreachable score of 56-3, gaining 15 runs in their best over. Laval managed a score of 44-3, thanks to their great efforts in the final over where they attained 17 runs.

The final standings of the 2025 Inter-House Cricket Competition are as follows.

5th Place – Lwanga

4th Place – Laval

3rd Place – Aquinas

2nd Place – Bosco

SPOTLIGHT FEATURE

This week, the environmental club facilitated a poster competition, themed "Save the Earth." The winning class, 1-34 had their poster displayed on the Form 1 notice board and was rewarded with a pizza party. We are pleased to congratulate this effort toward environmental care in our college's youth.

SPORTS

In football news, among all the Saints' football teams, a total of three wins and one loss was earned this week.

The form one team were crowned champions of the North Zone Finals, beating Fatima 3-1 on penalties after finishing 0-0 at the final whistle.

Similarly, our under fourteen team also saw victory, this time against Mucurapo West Secondary with a 6-2 score. With six goals scored, two from Zaydon Williams and Luke Bellemy and one each from Bruce Williams and Aalon Hinkson, the under fourteen team truly displayed some of the Saints' signature excellence.

So too did the under twenty side. They won 3-0 against Morvant Laventille thanks to a hat-trick from Xavi Sankar, who again showcased a fragment of the Saints' excellence with his performance.

The first eleven were the only unlucky team this week, losing 0-1 against Moka despite the recovery of Hunte and Thomas' injuries. Nevertheless, this general resurgence in performance among the teams is proof that perseverance can pull us out of even the darkest points in life.

Finally, for football, the Saints' next match against Signal Hill has been postponed to a later date, but football fans eagerly anticipate it despite that, as they also wait for the recoveries of Serrete and Blackman's injuries.

PE TEACHER TURNED SAVIOUR

This week, instead of a student, a P.E teacher was the one to remind the school to help out wherever they can when he saved an unlucky student from choking. The consistency of this level of bravery and vigilance is something we should aspire to maintain as a community, and it all starts with you. Let this serve as another example for us to help in any way we can when our peers are in danger.
